Dear friends,

In 2022 we were finally able to devote ourselves to club activities without any restrictions. During the year we met several times for various events and in different participation, which benefited not only the dogs but also us as members, either to get to know each other better or to share experiences with each other and learn something new.

Handling training 25.9.2022 Pezinok

This year again following high interest the club handling training was organized under the guidance of the experienced handler Mykola Nevrev. The owners could try out the atmosphere of the show in the RSDC training hall in Pezinok with their dogs in a relaxed atmosphere. The training was designed to support less experienced exhibitors as well as for already experienced handlers. We ended the event with a lunch in the areal Rozálka. We enjoyed the meeting and food 😊

Grooming Seminar 17.11.2022 Vojka nad Dunajom

This year we also focused on the development of grooming skills and organized a club grooming seminar in the training hall in Vojka nad Dunajom. Experienced breeder and groomer Petr Studeník (CZ) shared his knowledge with us. In addition to a demonstration of cocker show grooming, all participants could try out what they had learned on their dogs under the supervision of an expert. All we have to do is keep training and training 😊. We enjoyed the event in a friendly atmosphere, including a tasty lunch.
